

POOL SLIDE RECOMMENDATION
POOL AND FACILITIES SUB-COMMITTEE OF THE LONG RANGE PLANNING COMMITTEE
September 26, 2008

The swimming pool sub-committee of the Long Range Planning Committee previously submitted a recommendation that the diving board be removed from the swimming pool and that another play feature be added in its place. The diving board was removed at the end of the 2008 season and will not be reinstalled.

The Committee met with representatives from three different firms and toured the Owners' Club facility. The representatives submitted their recommendations. After reviewing initial proposals, additional questions were asked of each firm. The Committee met again to review the final proposals and pricing.
